EVOLUTION

LONDON

28th May - 26th June 2026

Welcome...

Evolution London is set to offer a remarkable experience, seamlessly blending indoor sophistication with expansive outdoor versatility.

Located in the picturesque Battersea Park, the venue features breathtaking outdoor spaces that host up to 3,000 guests, making it ideal for summer celebrations, receptions, or networking under the open sky. The outdoor area is beautifully enhanced with festoon lighting and LED features, creating a warm, inviting ambience as the surrounding trees glow with an amber hue. Guests will enjoy a dynamic setup, including a stylish outdoor bar area with a stretch tent, lounge furniture and outdoor sound system, which can create a vibrant, festival-like atmosphere. This complements the venue's stunning indoor facilities, ensuring a memorable experience under the stars and within its state-of-the-art interiors.

Why Evolution London?

Exclusively Yours

The venue is available for your private use, allowing you to tailor every detail to your event vision.

Flexible Spaces

The venue's adaptable layout can be configured to perfectly suit your event's style, scale, and atmosphere.

Location

Set in the heart of Battersea Park, Evolution London offers a tranquil escape just moments from central London.

Branding

As a true blank canvas, the venue can be fully branded and transformed to reflect your identity, offering complete creative freedom.

Turnkey Solution

Evolution London provides a turnkey solution, seamlessly managing production, catering, design, and event delivery under one roof.

Catering

Catering is expertly delivered by Moving Venue, renowned for exceptional food, flawless service, and creative event dining.

Perfect for...

Conference

With Evolution London's extensive in-house production capabilities, this is a true turnkey solution for your conference. Accommodating up to 3,000 guests in theatre-style seating, or easily reconfigured with draped breakout rooms for a more immersive experience—this flexible space no matter your guest numbers, allows you to tailor the setup to bring your vision to life.

Summer Party

Set in the heart of Battersea Park, there's no better place to host a summer party than amidst nature itself. Our summer package lets you make the most of the beautiful outdoor space, without worrying about whatever surprises the British weather might bring. With PA systems installed throughout, the atmosphere stays lively whether guests are soaking up the sun outside or enjoying the impressive production and décor indoors.

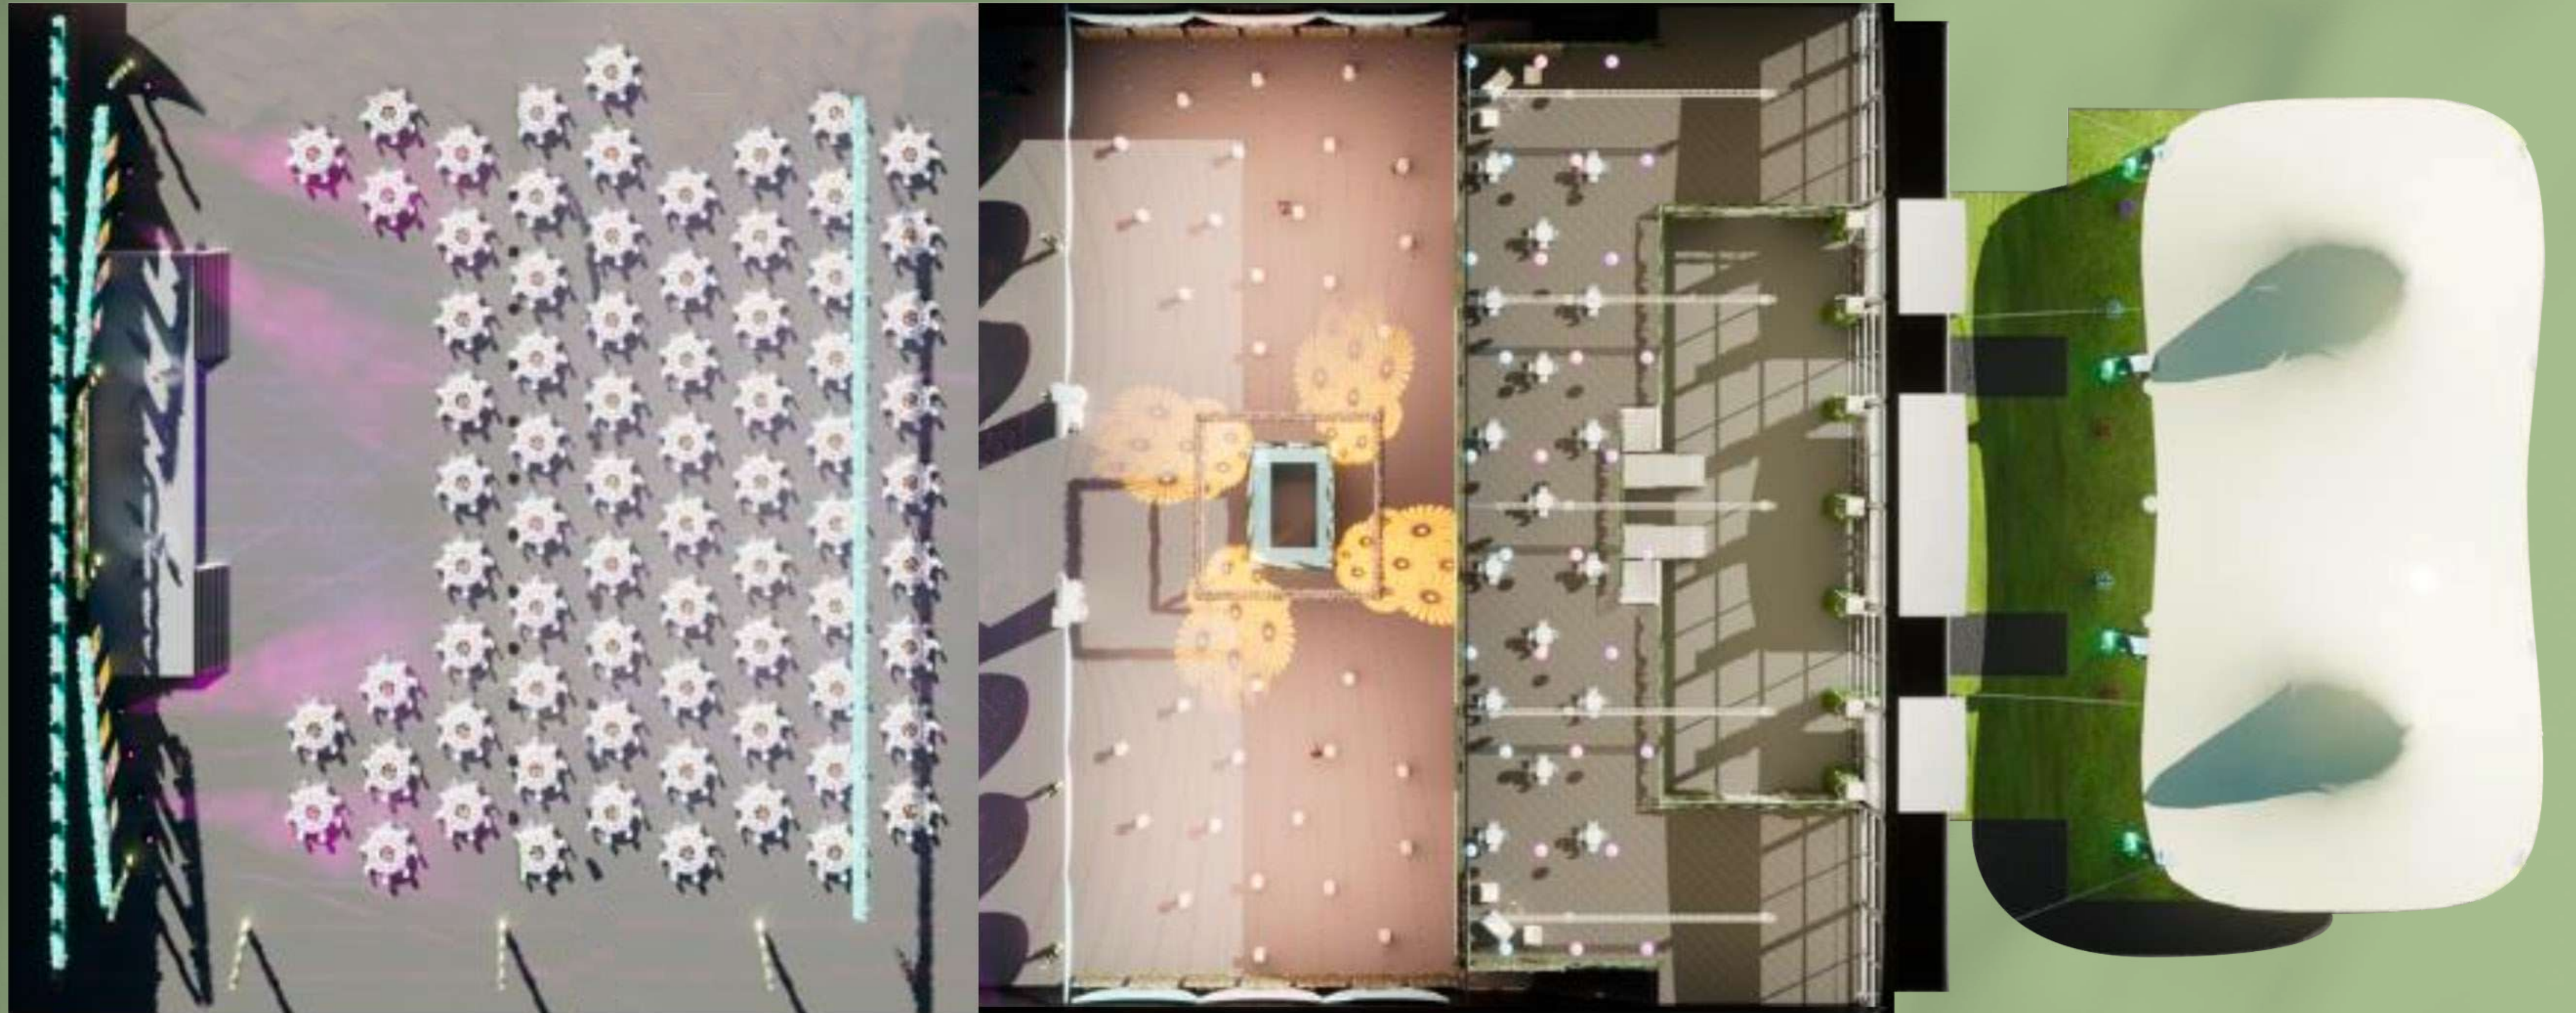

Dinner

Evolution London is proud to host countless celebratory dinners, but our summer installation offers something truly special. Whether you're planning entertainment between courses, a live band to keep the party going, or dessert trucks and cocktails served under the summer sky, this experience promises your guests an unforgettable evening.

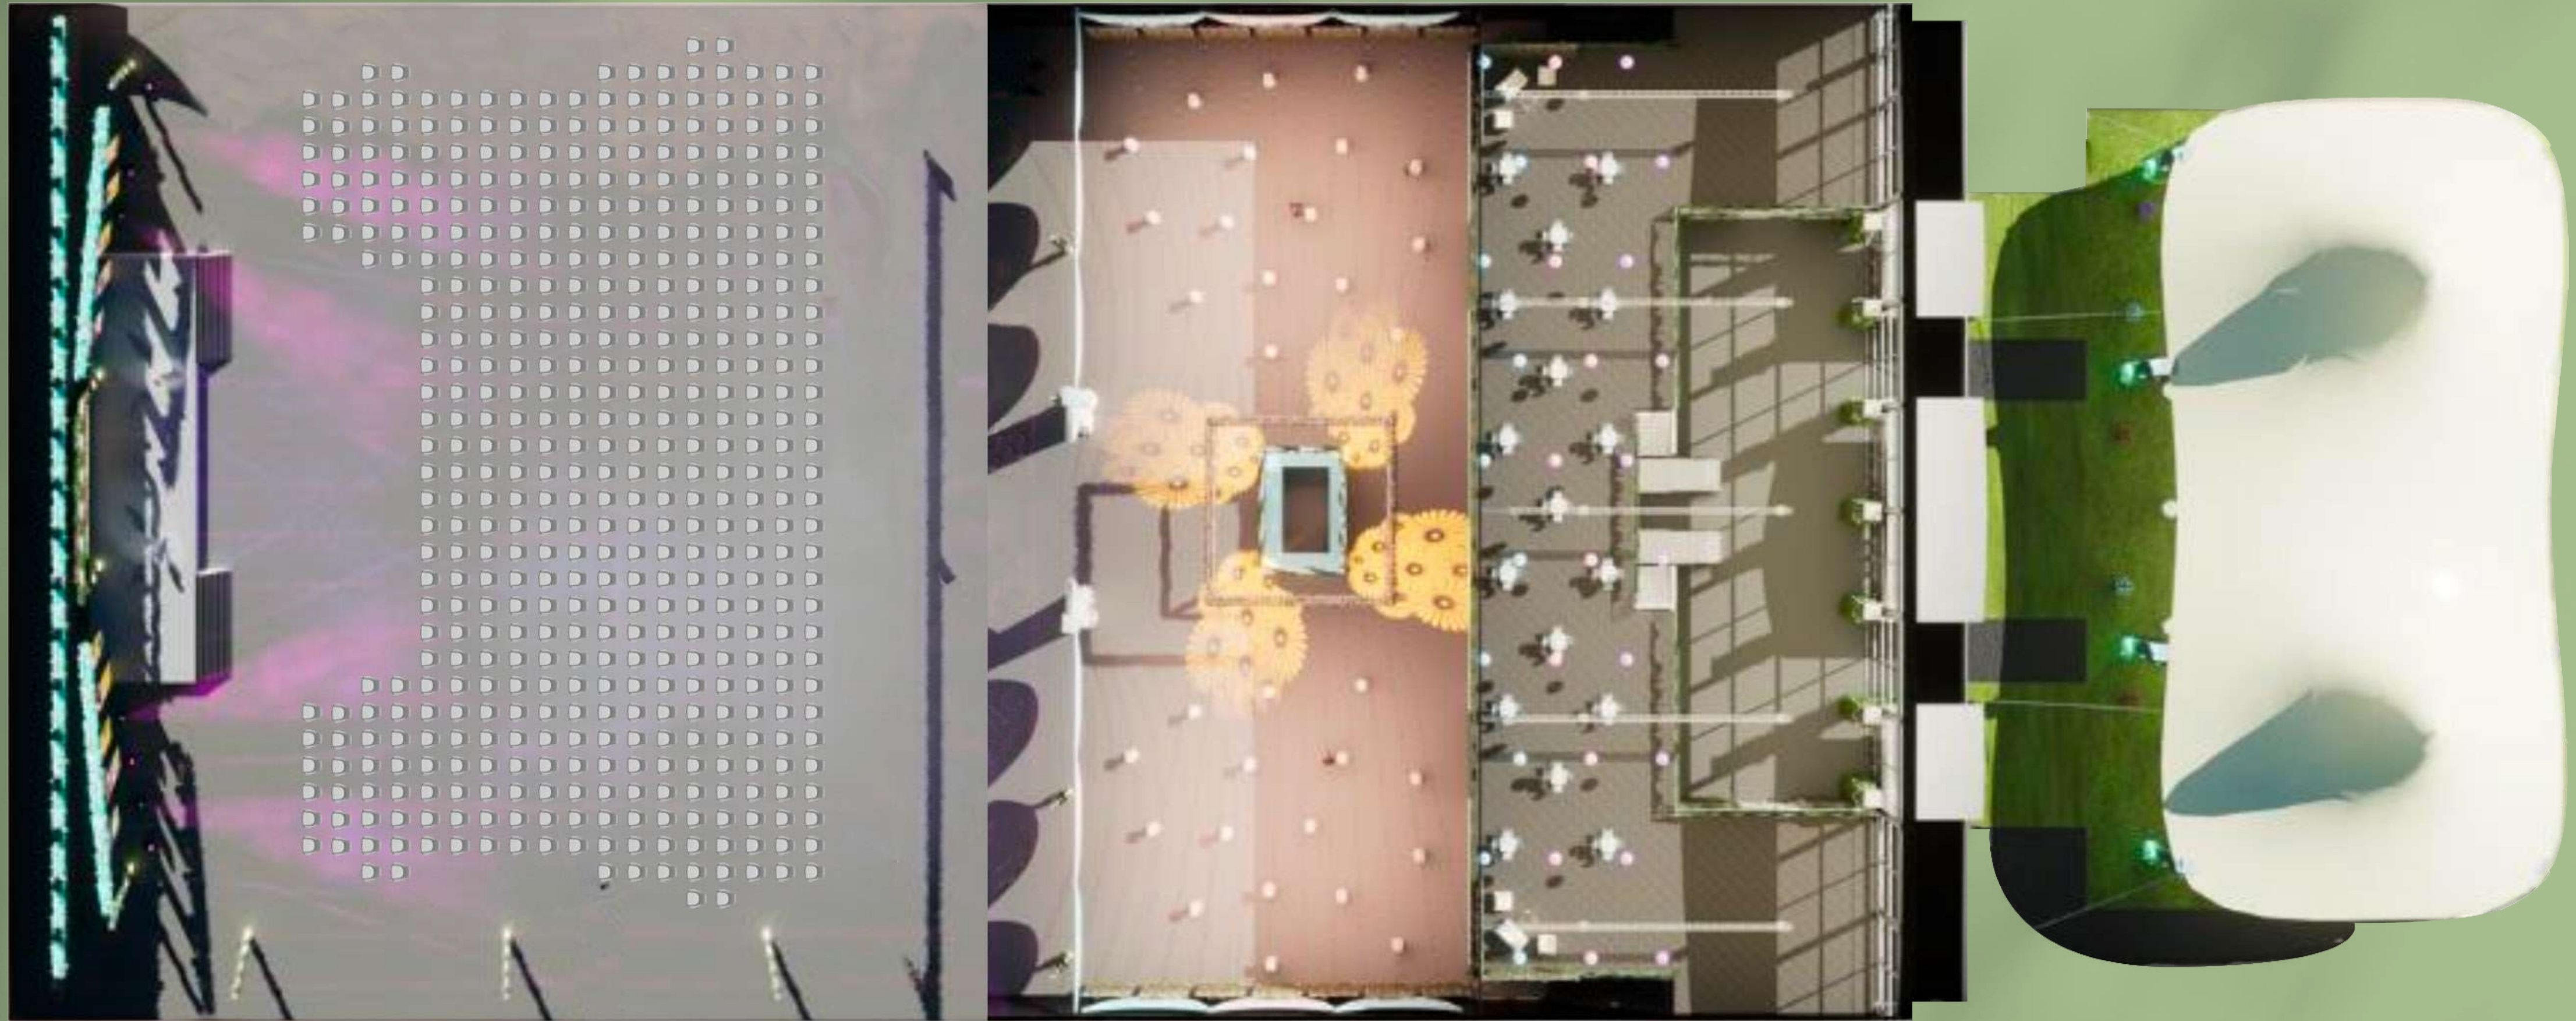

Conference + Reception

Combining business updates with summer celebrations is becoming increasingly popular, and our summer installation is designed with this dual-purpose event in mind. Start by welcoming your guests with drinks and light bites under the stretch tent, followed by anything from a one-hour presentation to a full-day conference. As the day winds down, transition seamlessly into an evening of celebration in the heart of Battersea Park.

Floor Plan Dinner

Floor Plan Conference

Courtyard

2,841m²
Floor Area

2,800
Capacity

This expansive outdoor venue seamlessly blends lush greenery with sleek, contemporary hardscaping, offering the perfect balance of nature and modern design. From elegant receptions and brand activations to summer soirées and large-scale productions, its versatile layout provides a striking backdrop that can be tailored to any vision.

Courtyard

Green Levy

A discretionary Green Levy of 50p per guest has been added to this quote, supporting our sustainability initiatives. This contribution helps offset your event's carbon emissions and funds impactful global and local causes through BIG1, with new projects supported each quarter. You can track the impact of your support via a live dashboard on our website.

Our sustainability pledge aims to reduce carbon emissions by 5% annually, achieve carbon neutrality by 2030, and reach net zero by 2050 through our "reduce, measure, and offset" policy. This optional charge makes incorporating environmental and CSR efforts into your event easy. If you prefer to opt out, simply inform your Sales Manager.

“As a business, we believe that good environmental practice is also good economic practice.”
